 (18 were heartworm +)

## FINANCIAL DATA

Our commitment to efficiency means that nearly three-quarters of our budget directly supports our programs and services.

## FERAL CATS (TNR)

**2,490** feral cats were trapped, neutered, vaccinated and returned (TNR)

In 2025, CAP helped thousands of pets and people through sheltering, adoption, humane education, low-cost wellness services, and community outreach. As a nonprofit that receives no government funding, this lifesaving work is possible only because of the generosity of donors, advocates, and friends in our community.
